CAREER OBJECTIVE

Enthusiastic MCA student with strong foundations in programming, software development, and problem solving, seeking an opportunity to apply technical and analytical skills in a dynamic IT environment. Aiming to contribute to innovative projects while gaining practical industry exposure.

INTERNSHIP

AI/ML Intern

03/2025 – 04/2025

InternPe

- Completed internship training in the field of Artificial Intelligence and Machine Learning
- Worked on basic AI/ML concepts and practical implementation tasks
- Assisted in developing simple machine learning models and data analysis tasks

EDUCATION

Master of Computer Applications (MCA)

2025 – Present

Presidency College, Bengaluru

Bengaluru

Bachelor of Computer Applications (BCA)

2022 – 2025

Seshadripuram College, Bengaluru

Bengaluru

CGPA: 9.13/10

Class XII(CEBA)

2022

Sri Vijaya PU College, Chintamani

Chintamani

Percentage: 95%

Class X(state)

2020

Sri Vijaya High School, Chintamani

Chintamani

Percentage: 86%

SKILLS

Technical Skills

- Python
- Excel, Power BI
- HTML, CSS, JavaScript

Interpersonal skills

- Problem-solving
- Teamwork
- Communication
- Adaptability
- Time management

CERTIFICATIONS

Dell Technologies certified Excel, Power BI

2024

Oracle Cloud Infrastructure 2025 certified Data Science Professional

2025

Python Programming Certification – Coursera

2025

Java Programming Masterclass-Coursera

2026

ACADEMIC PROJECTS

COVID-19 Impact and Vaccine Trend Analysis

08/2024 – 09/2024

Excel, Power BI

- Conducted an in-depth analysis of COVID-19 impact and vaccine distribution trends.
- Processed, cleaned, and visualized infection and vaccination data using interactive dashboards.
- Performed regional comparisons to identify trends and generate actionable insights.

Attendance System Using Face Recognition

02/2025 – 04/2025

Python, Flask, SQL, HTML, CSS, JavaScript

- Built an automated attendance system using real-time face recognition with Python and Flask.
- Integrated SQL for secure storage and efficient management of attendance records.
- Developed a user-friendly web interface for attendance tracking and administration.
- Enabled real-time attendance marking through facial recognition.
- Designed the system for secure, accurate, and efficient attendance management.

SpendSmart – Personal Expense Tracker

06/2026 – 07/2026

Python, Flask, SQLite, HTML, CSS, JavaScript

- Developed a full-stack expense tracking web application with secure user authentication.
- Implemented features to add, view, and delete expenses.
- Enabled users to set and monitor monthly budgets through a responsive dashboard.
- Added CSV export functionality for expense records.
- Deployed the application on Render for live access.
